Wednesday 26th June 2024

Dear Parents,

The sex and relationship education sessions for Year 6 have now been planned and will be delivered by your child's class teacher over the coming weeks.

Here is a brief outline of the aims of the units of work:

- To recap on the changes that occur during puberty in preparation for reproduction.
- To explore the idea of a healthy relationship between two people.
- To know some basic facts about conception, pregnancy and families, including the law.
- To explore positive and negative ways of communicating in a relationship, including on-line activity and the law.

Sessions will involve the children learning through videos exploring what makes a healthy relationship and sharing responses through class discussions. The lesson on conception, pregnancy and the development of a baby is taught through sequencing cards. Across these lessons, children will have the chance to ask anonymous questions and have them answered by staff.

You have the right to withdraw your child from these sessions, but please make an appointment to meet with me before you take such a decision, so that it can be fully discussed with you. If you decide to withdraw your child from this part of the curriculum, you will be asked to complete a form to show that this is your decision.

If you have any further questions, please do make an appointment to see me via the Admin Office.

Yours sincerely,

Yours sincerely

Mrs Sarah Mathlin
Head of Federation
